In most things in life how one begins is crucial to one's success. Start a day on a pleasant note & even the difficult things become easy. start a race on a good run and you are most likely to better your second win the first point of game in a competition and you are much better prepared for the rest of it. the first mile of a journey is often more important than any other single mile, as it the first stone in a building and if you are a cricketer on the captain of a cricket eleven, you always know one thing by experience. The first half century lays the foundation for a big score in everything one does in life a vital success power the way for final achievement, since well begun is half done.
